Get Ready

What do I need?
- Pencil
- Paper
- Book
- Worksheet
- Journal
- Calculator
- Other: ___________________ ___________________ ___________________

Do

List the steps and the time each step will take:

<table>
<thead>
<tr>
<th>Step:</th>
<th>Minutes:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

#3:
- Think out loud and model the thought process for the first material.
- Have student complete.
- If stuck, ask leading questions.

#2:
- Write brief 1-2 word steps on a white board.
- Model the thought process for sequencing and time required for all but the last two steps.
- Encourage student to think out loud and complete the sequencing.

#1:
- Think out loud and model the thought process for what done looks like.
- Sketch your way through.

Done

What will it look like?
